Dear Lellbach,

Have you ever felt your basement is as frightening as the haunted forest in the "Wizard of Oz", complete with flying monkeys and talking trees? Because we let our basements get "SCARY", they tend to be those places, we ignore and wish they would go away. Too often, we ignore the tricks and don't see the hidden treats in our frightful room's untapped potential.

The Benson's recognized the opportunity in their haunted forest! Through careful planning, design and remodeling their basement now is a warm, inviting family activity center and *scary no more!*

This is a perfect time to scare away the goblins in your home and unwrap the treats that await!

Trick or Treat!

Doug & Debra

Christmas Cheer Already?

Doug & I are not often on the "other side" of the project process. Yes, that would be your side! But we are now!

Last fall, we were approached by the Naperville Garden Club to be part of their annual "Cup of Cheer" Christmas house walk. I have to admit, we were extremely flattered! But then, fear set in. Part of consenting to participate means relinquishing control of my home's Christmas decorating (something I love to do) to strangers! OMG! It's funny, I can handle people (strangers..) touring our home & all that involves. I just had to really think about letting someone else decorate my home for Christmas!

Well, I (I mean Doug & I :) realized that this could be a lot of fun! It finally hit me that we could use someone else being in charge of a project for us! My own "Cup of Cheer" team will creatively and lovingly decorate our home! With our home as their palette, it is a wonderful opportunity to collaborate, watch and admire as this team shares their talents. [Click here to read more](#)

Wake Up Your Spirit

We are fortunate to live in a community where many Not for Profits aid those in need. As supporters of DuPage Pads, we encourage you to attend their "Wake up your Spirit" Breakfast on November 3rd. It is an outstanding event, that leaves you inspired and motivated to do more! We hope to see you there!
